#### Qualifying for Esport

Qualifying for the Esport Cup will be through an online leader board that will be held from September 1st to 3rd 2023. All countries must enter and have at least one driver set a time on the leader board. The fastest 12 countries will be selected from their fastest individual driver on the leader board and invited to enter once the leader board has closed.

Once invited to compete in the Esport Cup, these ASN's will be required to enter 2 drivers for both competitions – Drivers and Teams.

However, the leader board is only a guide for the ASN's, and it is entirely at their discretion in how they select their drivers. They may decide to choose them from the leader board, or they may use another qualifying mechanism to decide on which drivers to enter. ASN's must send in their entry by the 11th of September.
